OBJECTIVE

The objective of Risk Management at KKV Agro Powers Limited is to create and protect shareholder value by minimizing threats or losses, and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risks is an integral part of every employee's job.

The primary objectives of the risk management system at the Company are to ensure:

- i. all major sources of potential opportunity for and harm to the Company (both existing and potential) are identified, analysed and treated appropriately;
- ii. business decisions throughout the Company appropriately balance the risk and reward trade-off;
- iii. regulatory compliance and integrity in reporting is achieved; and
- iv. senior management, the Board and investors understand the risk profile of the Company.

RISK MANAGEMENT POLICY AND ITS PROCEDURE

In order to fulfill the objectives of this policy and lay a strong foundation for the development of an integrated risk management framework, the policy outlines the following guiding principles of Risk Management:

SCOPE AND EXTENT OF APPLICATION

This policy is meant to ensure continuity of business and protection of interests of the investors and thus covers all the activities within the Company and events outside the Company which have a bearing on the Company's business.

ROLES AND RESPONSIBILITIES OF BOARD

1. The Board will review the risk management policies and systems periodically.
2. The Managing Director and Chief Financial Officer will be responsible for ensuring that the risk management system is established, implemented and maintained in accordance with this policy.

ROLES AND RESPONSIBILITIES OF AUDIT COMMITTEE

The Audit Committee shall evaluate the Risk Management Systems on Continual Basis.

RISK ASSESSMENT: The Risk Assessment process covers the following steps:

Identification and Categorization of Risk

The Board is responsible for the oversight of the Company's risk management and control framework.

Risks can be broadly classified as below:

1.Strategic Risk:

Includes the range of external events and trends (like Government policy, competition, court rulings or a change in stakeholder requirements) that can adversely impact the Company's strategic growth trajectory and destroy shareholder value.

2. Business Risk:

Includes the risks associated specifically with the Company and having an adverse impact on the Company's capability to execute activities critical for business growth, thereby affecting its near-term performance

3. Operational Risk:

Includes the risks associated with operational uncertainties like unpredictable changes in water levels, force majeure events like floods, affecting operations, internal risks like, attrition, etc.

RISK MONITORING

Arrangements put in place by the Board to monitor risk management include:

- (i) quarterly reporting to the Board in respect of operations and the financial position of the Company;
- (ii) quarterly preparation of forecasts;
- (iii) circulate minutes of Audit Committee Meetings to the Board and the Chairman of Committee.

RISK ESTIMATION

In this process, the quantitative, semi-quantitative or qualitative techniques are used to estimate the level of impact of risks to the Company.

The suggested ratings for the Risks are provided below :

1. Rating 4 (Devastating) -

Significant stakeholder concern/ Significant impact on strategy or operational activities

2. Rating 3 (Major) -

Major stakeholder concern/ Major impact on strategy or operational activities

3. Rating 2 (Tolerable) –

Moderate stakeholder concern/ Moderate impact on strategy or operational activities

4. Rating 1 (Minor) –

Minor stakeholder concern/ Minor impact on strategy or operational activities

INTEGRITY OF FINANCIAL REPORTING

The Company's Managing Director and Chief Financial Officer (or equivalent) are required to report in writing to the Board that:

- (i) the financial statements of the Company present a true and fair view, in all material aspects, of the Company's financial condition and operational results and are in accordance with accounting standards;
- (ii) the above statement is founded on a sound system of risk management and internal compliance and control which implements the policies adopted by the Board; and
- (iii) the Company's risk management and internal compliance and control framework is operating efficiently and effectively in all material respects.

RISK STRATEGY: The risk mitigation can be planned using the following key strategies:

1. Risk Avoidance:

By not performing an activity that could carry risk. Avoidance may seem the answer to all risks, but avoiding risks also means losing out on the potential gain that accepting (retaining) the risk may have allowed.

2. Risk Transfer:

Mitigation by having another party to accept the risk, either partial or total, typically by contract or by hedging.

3. Risk Reduction:

Employing methods/ solutions that reduce the severity of the loss.

4. Risk Retention:

Accepting the loss when it occurs. Risk retention is a viable strategy for small risks where the cost of insuring against the risk would be greater over time than the total losses sustained. All risks that are not avoided or transferred are retained by default.

MAINTENANCE OF RISK MANAGEMENT SYSTEM

Evaluation and Control

- a) Risks will be ranked in accordance with their likely impact.
- b) The acceptability of each identified risk will be assessed.
- c) Proposed actions to eliminate, reduce or manage each material risk will be considered and agreed.
- d) Responsibilities for the management of each risk will be assigned to appropriate managers.

APPROVAL OF THE POLICY

The Board will be the approving authority for the Company's overall Risk Management System.

The Board will, therefore, monitor the compliance and approve the Risk Management Policy and any amendments thereto from time to time.

REVIEW OF THE POLICY

The policy will be the guiding document for risk management at KKV Agro Powers Limited and will be reviewed by Board as and when required due to the changes in the risk management regulations/ standards/ best practices as appropriate.
